“FOR STUDENTS...BY STUDENTS”

87-042: *A Bill to Allocate More Money to SAC*

Abstract:

We have a surplus of money coming in from different sources, hence by giving this extra money to SAC, they will be able to efficiently use it and return it directly back to the students. Additionally, with this bill comes the opportunity for SAC to raise their stipends by up to \$2380 at the Secretary of Student Activities discretion.

Whereas, students complain that there is nothing to do on campus and SAC is the primary source of student entertainment on campus

Whereas, SAC is one of the few student organizations who efficiently used the money that was given to them and directly return it back to the students

Recognizing, SAC members work a countless amount of hours for the student body

Therefore, Let it be Enacted: That \$6426 will be allocated to SAC and out of this money up to \$2380 of it can go towards stipends at the Secretary of the Student Activities discretion.
