88-016X: *A Bill to increase Stipend of Freshman Senators*

Abstract:

The election process for freshman senators was updated this year. Freshman senators are now elected at the beginning of fall semester. In previous years, freshman senators were elected for spring semester only. This results in more work, and therefore should be compensated with an additional \$50.00 (bringing the total stipend for freshman senators to \$150.00). This change should stay as long as the current election process of freshman senators being appointed at the beginning of fall semester remains. These additional funds will come from SGA Internal Operations.

Whereas, freshman senators are expected to do more work this year than in years past, **AND,**

Whereas, freshman senators must be compensated according to this increased workload,

Therefore, Let it be Enacted: That upon approval of this bill by the SGA Senate and Student Body President, \$150.00 will be given as a stipend to each freshman senator per academic year, and the bill will be enacted by the chief of staff.
