88-030: A Bill to Approve Funding for the Haury Hub Revamp

Abstract:

This is a bill that would approve the funding to renovate the Haury Hub. We first started out by sending out a survey to students to see what they would want the most. The most requested item was a new ping pong table along with new paddles, balls, and pool cues for the current pool table that is there. The next priority/second most requested item is painting the walls. There are several people interested in helping do this. The third most requested item is new furniture. Below are links to some of the items that the Financial Committee thinks will work well for this space.
